About Me

Front-End Developer with a passion for crafting visually stunning and highly responsive web and mobile app experiences. Have good understanding of design principles. Proficient in the latest web, mobile app technologies and frameworks, with a keen eye for design aesthetics.

Experience

June 2023 - Sep 2023

CIT NAVTTC, Punjab Computer College, M.B.Din

Teacher

I have taught CIT(web, software & Mobile application) course offered by NAVTTC which includes:
- Web Development: (HTML, CSS, JavaScript, PHP and Bootstrap)
- Mobile App Development: Flutter

March 2023 - April 2023

Internship, Cybrox Solution M.B.Din

Web Developer

- Created website **PhotoApp** using HTML, CSS, JavaScript and also used frameworks like Bootstraps for better responsive websites.
- Customized and managed shopify store in our final year project.

Dec 2022 - Sep 2023

Android and Flutter Development

- I have created android applications using java and uploaded on my GitHub.
- Applications: **Health file**, **Music Player app**
- I have also created some small projects using flutter framework.

Final Year Project

My FYP is Virtual Shirt try-on in which segmentation of person, cloth and style transfer used to style on target body.

Achievements

- I have got 3rd position for my **Health File** android app in an exhibition (Rising Entrepreneur Exhibition) held in UOG by computer science department.
- I have Received Shield of honor as a Graphic Designer Head from MCS.
